YOU remember when you were a little girl, people thought a polished center table two feet square in the middle of the room was big enough.

But not to-day.

At least half a dozen magazines each month.

Picture post cards every day or two.

Children's school books every evening—and the books you like to have at hand when you sit down after supper.

Besides the daily newspapers.

All these must find room to-day on your family library table.

That is too much for the little old polished stand two feet square.

The new era of things is reached at our store this week by a remarkable collection of substantial library tables.

Unusual quality. Ingenious conveniences. Alluring prices. Simple, easy terms. Don't put it off.

Cocoa and Steel Door Mats

A door mat is not an elegant thing.

But it does add an air of distinction to your home.

A door mat tells a good many tales about the inside of your house.

It whispers to the caller whether the inside will be neat or untidy.

It tells the boisterous children that the mud must stay outside.

It helps save your carpets and your "sweeping" arm.

A door mat is a little thing which costs practically nothing, but you ought to have one at your door.

INTERESTING FUR TALK FOR YOU

The best time to buy Fur Coats and small Furs is the first of the season, as then you get the full season's

wear out of your furs, as well as the finest selection. Furs are not like cloth; you can duplicate a piece of goods very easily, but when you try to duplicate or match a fur it is very different. To get skins to make a coat it is sometimes necessary to pick over a pile of five hundred skins to get enough to make a coat that looks near enough alike. We have some of the best values in small Furs and Fur Coats that we have ever shown.

Ladies' Furs

Every season the demand for small Furs and Separate Muffs grows greater. We have got together a full line of Furs in all grades and kinds of Furs. The demand for Separate Muffs will be larger than ever this season, as it is almost impossible for a lady to get along without a Muff.

We start our Muffs at \$2.00 in the Black and Brown Coney. These are a good-sized muff.

At \$2.98 we can give you a good assortment of Isabella and Black Opossum Muffs in a quality that will wear nicely.

At \$3.98 is a better quality of Opossum Muffs; and they are a little larger in size.

At \$5.50 is an extra value in a Brook Mink Muff. These are a fur that will wear as well as any fur we have.

Our line of Fox Muffs comes in all grades. The Black Fox seem to take the lead. We have a Black Fox Muff that looks almost like a lynx.

If you want a good Mink Muff, see our line of Jap Mink, as well as the Eastern Mink.

Ladies' Fur Coats

The Fur Coat season is now upon us and our full line is now in, ready for your inspection.

The leading Fur this season seems to be the Pony Skin. These make a Coat that is very serviceable and carry a great amount of style.

The full length Coat seems to be the most popular, although the shorter lengths are used quite a little.

If you want a good, serviceable Driving Coat at a medium price, we can give you an extra good trade.

The Marmot Coat for a brown fur makes a very attractive Coat, and is a fur that has an unusual amount of service.

If you have trouble in getting fitted, come in and see our odd sized Coats. These are Fur Coats that are made with unusual fullness and are some of the best fitting garments we ever put out.

We have the misses' sizes in fur coats to fit the small lady. These are sizes we have never carried before.

Dress Goods

There are several new values in Dress Goods that we have just added to our stock that are better than we have been able to show at the price here named.

Cotton and Wool Poplins in all colors, such as red, navy, white and bright colors, at 25c per yard—yard wide. Half wool.

All of the best colors in a dark red, navy, green, brown and black, in an all-wool soft-finished serge for skirts and whole dresses, for misses' dresses it is our best seller. Now at 50c per yard.

One lot of 42-inch very fine Serge in all of the best colors, now at 75c per yard.

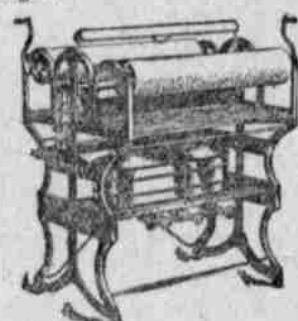

Our leader for Ladies' Tailored Suits is our 54-inch (1 1/2 yards wide) Serge, in navy, maroon and black, sponged and shrunk. Spot proof, at \$1.25 per yard.

One piece of Navy 54-inch Herringbone Serge, a \$1.75 cloth, for skirts and tailored suits for ladies and a great value for misses' school wear, at \$1.25 per yard.

We cannot duplicate this cloth, once it is sold out.

Dress Goods

cannot be safely made up until they have been properly sponged and shrunk. For this work we have a modern Peerless Spotproof Steam Sponger.

The above cut shows our Sponger, ready for work. This Sponger has heavy rolls for the refinishing after sponging. This brings back to a broadcloth its original luster.

You cannot afford to try to do your own sponging, when you can get this class of work for only 5c per yard.

This is the same grade Sponger used by the largest Boston and New York retailers.

If you want anything in a small Fur or Fur Coat, come in Wednesday forenoon or 'phone us, as we have one of the New York leading fur house representatives here with a full line of samples, both of Furs and Fur Coats.
